### About the uPVC Inline Sliding Patio Door

A unique sliding patio door that suites with our pretty windows in performance, style and colour.

The superior design of this door means robust long-life weather performance; best security with a future-proof PAS24 compliant certificate and top of the range Yale locking hardware; and a low threshold for easy access and Part M compliance.

If you're looking for the perfect slimline frame for the perfect view our new best in class stunning door is for you.

It's everything you'd want and more in a quality sliding patio door.

## BUILT FOR THE GREAT INDOORS

Our NEW slim-line inline sliding patio door is a star in a commodity market. Deceuninck the profile extruder is about innovation, performance and looks, so our challenge to our designers was to develop a sliding patio door that we would love to sell and homeowners would love to buy. A patio door that would leave competitors standing.

We demanded the best in weather and energy performance, strength and security. We wanted outstanding performance and stunning looks.

With this inline Slider we got everything we asked for. We now have a door that ticks all the boxes.

Best colour choice  
26 colourways

Best security  
PAS24 certified

Best energy performance  
A+ rating

Best weather performance
